Collaborative working relationships create an essential framework for successful project teams. Each spring, the Washtenaw Contractors Association recognizes its members, project owners and architects for their exceptional efforts in the areas of teamwork, service and innovation through the annual Pyramid Awards.

A Pyramid Award Sponsorship supports the WCA in the presentation of the Pyramid Awards recognizing exceptional teamwork, as well as the W. Nelson Vander Hyden Award, presented to an individual who has made significant contributions to both the Construction industry and the local community.
